## 'THE FOOTLIGHTS' SHINE WITH BRILLIANCE IN PINERO FARCE

Big Audience at Opera House  
Immensely Pleased With  
Performance

Farce-comedy delineated with a crisp brilliance that would bring laurels to experienced professionals was furnished Honolulu theatergoers last night when "The Footlights," a new amateur dramatic society, made its bow in Sir Arthur Wing Pinero's three-act play, "The Amazons." An audience that filled the Hawaiian Opera House as it is seldom filled, and that numbered many score discriminating critics, was immensely pleased with the offering and correspondingly proud to acknowledge the possession of such amateur talent in the city.

At times a comedy of manners; at times a keen satire on English "family type"; at times a clever thrust on a masculine woman's desire for sons of muscular ability, "The Amazons" offers many possibilities for exaggeratedly ludicrous situations. It concerns the Marchioness of Castle Jordan, her disappointment at mothering three girls instead of boys, and her determination to bring them up to masculine ways. Of course the inevitable happened. The girls in shooting jackets, leggings, stocks, swagger hats; the girls with strong young arms, free strides and tomboy voices; the girls who professed an aversion to everything feminine, met young men who immediately turned their thoughts to lighter, daintier, more genteel things than shooting partridges, jumping fences and boxing.

Pinero contrasts his types strongly in this play. Two of the three young men who lay siege of the hearts of the ladies Belturbet are of particularly effeminate types—Galfred, earl of Tweenways, and Andre, Count de Grival. They are such types of the scented aesthete as Gilbert & Sullivan immortalized in "Patience"—full of sighs, feminine emotions and fears, perfume and lackadaisical poetry.

The third young man, Barrington, Viscount Litterly, is somewhat more of the masculine gender, a cool, nonchalant young fellow.

The situations created by Pinero are the height of farce-comedy, emphasized last night often to the point of burlesque. The roles of Andre and Galfred were effeminate ad nauseam, and exceedingly effective. The three girls, with the stress on the masculine, still betrayed their leanings to waltz things of their proper sex.

Amateurs Well Trained.  
It was a well-balanced and well-trained cast that the play presented to the audience. Under the direction of Mrs. F. R. Day and Mr. Will Lewers, with Mrs. Alfred Castle as stage manager, the amateurs worked with a smoothness, a technical perfection and a singleness of effect that entirely removed the "amateurish" tinge. Only for the first few moments were the voices a trifle low. After that the lines were spoken clearly and the points made unerringly and the stage-work as a whole finished and well-rounded.

Mrs. Walter F. Dillingham, in the

## GARRISON ASKS ARMY CHIEFS TO PROFIT BY WAR

Instructs Coast Defenders to Study Closely Efficiency of Seaboard Fortifications

[Associated Press by Fed. Wireless.]  
WASHINGTON, D. C., April 29.—National defense and a study of our coast defense fortifications, in the light of the lessons of the European war, are a subject of the greatest importance, writes Secretary Garrison of the war department in an open letter to Brig. Gen. Macomb, given out here last night.  
Commanders of all the coast fortifications have been instructed, the secretary announces, to make a thorough analytical study of the defenses in their charge, and to submit recommendations for their improvement to the department.

## TEDDY RECOUNTS AMBITIONS FOR U. S. PRESIDENCY

[Associated Press by Fed. Wireless.]  
SYRACUSE, N. Y., April 29.—Called to the stand again yesterday afternoon on redirect examination, Theodore Roosevelt told of his fight with Tom Platt, the "Easy Boss," just prior to and during the first days of the Republican national convention at Philadelphia in 1900.

Roosevelt was then governor of New York. Platt's desire was to make him vice-president, an inconspicuous position in which Platt hoped he might be forgotten. Roosevelt wished to be re-elected governor, in order that he might be in line for the presidential nomination, after McKinley had served his second term.

"Prior to the convention," Roosevelt testified, "I threatened Senator Platt that I would fight him on the floor of the New York state convention if he made good his threat to keep me out of the race for the nomination because I was unwilling to be nominated vice-president."

## GIRLS! DRAW A MOIST CLOTH THROUGH HAIR

Try this! Hair gets thick, glossy  
way and beautiful at once—  
Stops falling out

Immediate?—Yes! Certain!—that's the joy of it. Your hair becomes light, soft, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil and in just a few moments you have doubled the beauty of your hair.

A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it, surely get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and just try it—advertisement.

To commemorate the tenth anniversary of its institution, Camoes Circle No. 240, Companions of the Forest, will give a dance Saturday night in Lusitana hall, Alapai and Lunalilo streets. The affair will be strictly an invitational one.

## IN WAR ARENA

MISSION WORKERS IN SYRIA  
REPORT AWFUL CRUELITIES.

NEW YORK, N. Y., April 29.—Reporting to the Presbyterian board of missions here, American missionaries in Asiatic Turkey write that conditions in Syria are worse than even the Russians depicted, denied by Constantinople, indicated.  
Christians were crucified and burned alive, women were carried off into slavery, and whole districts were so pillaged and laid waste that the survivors are now dying like flies from disease and hunger.

In these atrocities, the missionaries write, the Turkish soldiers shared equally with the wild Kurdish tribesmen whom it was their duty to keep in order.

Those who could, took refuge in American missions, but they would not have been safe even there if \$40,000 ransom had not been paid by Americans to insure their protection. Agreeing with previous accounts, the deaths from disease at Urumiah are given as 2000.

ALLIES' AVIATORS GET  
IN DEADLY WORK.

LONDON, Eng., April 29.—Allied aviators raided the German aerodrome at Friedrichshafen and on their return, reported that one of their number had dropped six bombs which set fire to the German hangars.

French airmen visited the German lines of communication and paid their attention to railroad stations where supplies and troops were observed in transit.

Four German planes which attempted a counter demonstration were brought down inside the French lines and their pilots and observers captured.

ARMENIAN CHRISTIANS  
HELD PRISONER BY TURKS.

LONDON, Eng., April 29.—An Athens despatch to the Reuter Telegram Company relates that the Armenian patriarch of the Greek church and 400 other Armenian communicants have been arrested and are held prisoner on the strength of a pretext that they were implicated in preparations discovered by the Turkish authorities for an uprising in the Armenian provinces.

ANOTHER U. S. NOTE  
IN RE WM. P. FRYE.

WASHINGTON, D. C., April 29.—The state department has sent a second note to Germany relative to the sinking by the Prinz Eitel Friedrich of the American clipper ship Wm. P. Frye. It is understood that the administration assents to the German offer of compensation.

BELGIAN RELIEF SUPPLIES  
FROM U. S. REACH HUGE SUM.

NEW YORK, N. Y., April 29.—The total value of food and clothing contributed by the American Belgium relief commission has now reached the total of \$49,174,519.

## PUNAHOU NOTES

[Special Star-Bulletin Correspondence]  
PUNAHOU, April 29.—In a Remington speed contest in typewriting held at Punahou academy, Esther Cummings was awarded a certificate of efficiency for writing over 40 words a minute for ten consecutive minutes. Mary Forrest and Myrtle Taylor were awarded banners for writing from between 25 to 40 words a minute for the same length of time. This is Esther Cummings' last year in school, and shows good work in her commercial course. Myrtle Taylor is just beginning typewriting, this being her first year, and she deserves praise for the creditable showing which she has made for herself.

The Remington Company sent out the contest last month, and the reply was just received today of the success of these three girls. A different test is sent out each month by the company, and different awards are made, according to the speed and accuracy at which the work is written.

**Watch Your Children**  
Often children do not let parents know they are constipated. They fear something distasteful. They will like Rexall's—mild laxative that tastes like sugar. Sold only by us.

## GEN. MURRAY IS KEPT ON ACTIVE SERVICE LIST

Chief Executive Confers Signal  
Honor on Brilliant Officer  
As Birthday Gift

[Associated Press by Fed. Wireless.]  
SAN FRANCISCO, Cal., April 29.—Major Gen. Arthur Murray, commanding the Western Department, with headquarters at the Presidio of San Francisco, receives today from President Wilson, as a birthday present, the right to continue in active service beyond the age of retirement. Gen. Murray is 64 years old today.  
No other living officer of the United States army can boast of such a signal mark of distinguished regard. Congress authorized the extension as an act of friendship toward the Panama-Pacific exposition.

Gen. Murray is in command of the troops stationed there.

## WILSON RENAMES COLEBRA CUT AFTER GAILLARD

[Associated Press by Fed. Wireless.]  
WASHINGTON, D. C., April 29.—President Wilson signed yesterday an order changing the name of the Colebra Cut in the Panama Canal to Gaillard Cut, in honor of the late Col. David Du Bose Gaillard, a member of the Isthmian Canal commission. Col. Gaillard, who was one of the most distinguished engineers in the army, literally gave his life to the canal.

## KAUAI NEWS

COUNTY ELECTION MAY 4

Kauai will have another election next Tuesday, this being the final in the contest for county offices. There are only four offices to be filled, as follows: County attorney, county auditor, supervisor for Waimea district and supervisor for Kawaihau district. In the cases of the county attorney and county auditor, Kaeo and Maser were not opposed in the primary but failed to get a majority of the votes—the latter failing to win out by only a few votes.—Garden Island.

**FIRE DESTROYS CANE**

Fire broke out in the cane of the Fernandez homesteads at Kalaheo Friday afternoon and before being checked had burned over seven acres, contained in three lots and belonging to Antone, Manuel S. and Joe S. Fernandez.  
As the cane was only a year old it is doubtful that much of it can be saved.  
The origin of the fire is not known.—Garden Island.

**OLD CHINAMAN HANGS HIMSELF**

Ah Tuck, an old-time Chinaman, aged 72, living in a house in the camp at Halehaka, made a rope of strips torn from a flour bag and hung himself last Friday night. He accomplished his purpose by throwing the improvised rope over a rafter of the house and jumping from his bed.—Garden Island.

**FRESHET AT WAILUA**

On account of the accumulation of sand at the mouth, the freshet (caused by the heavy rains toward the mountains) yesterday morning overflowed and inundated a section occupied by Japanese houses.—Garden Island.

All persons holding chauffeur's certificates issued prior to January 1, 1915, are requested to call at police headquarters for the purpose of being examined as to their qualifications to have a permanent certificate issued to them. The examination will be at the station, beginning Saturday up to June 30.

## SUPERVISORS GET OFFER OF FREE WATER FROM PRIVATE COMPANIES

Fluid Now Running to Waste  
After Use in Condensers  
Is Available

A standard rate of \$1.50 per thousand gallons of water supplied to vessels calling at Honolulu was the recommendation offered the board of supervisors at the meeting last night by Harry Murray, assistant manager of the water and sewer department. Hitherto the rate has varied from 64 cents up to \$2 per thousand gallons. As a new contract will have to be signed with the federal government this year Mr. Murray suggested that the uniform rate go into effect July 1. The matter was referred to the water and sewer committee.

The Rapid Transit and Hawaiian Electric companies again offered to give to the city the waste water from their mains and boilers free of cost. The city would have to have its own cooling plant, says the municipal water department. The city now consumes 15,000,000 gallons of water per day, which supply if increased by the 6,000,000 gallons of artesian water from the two plants, would assure an abundant supply. Mr. Murray suggested that the city offer to pay a certain amount per million gallons to the two power companies if they install the cooling machinery and pumps.

## M'KINLEY HIGH OFFERS CLEVER COMEDY EVENING

Everything is in readiness for the McKinley High school dramatic entertainment to be given tomorrow night, and the teachers are expressing confidence in the young actors and actresses and predict a great success.  
It was originally planned to have but one play during the evening, but the force decided upon "A Proposal Under Difficulties," was found to be a little too short if given by itself, and the teachers advised the McKinley High School Dramatic Club to put on another play immediately after this, and suggested a short comedy entitled, "A Dramatic Evening." And it is a "dramatic evening."

Both of these plays offer ample opportunity for all the young actors and actresses taking part to display their talents, and the construction of the plot is both clever and amusing. A short synopsis of the first play, "A Proposal Under Difficulties," is as follows:  
Two young fellows, one of them bubbling over with life, and the other shy of spirit, are both in love with a certain young lady named Miss Andrews. They both happen to call on the same day and each tries with all that is in him to get rid of the other. The original methods they employ in doing this are side-splitting and it ends with the shy young man getting the girl and the other being sent home.

In this play, Miss Georgia Armstrong as Miss Andrews is very good. The part of the buoyant, forward, young man is handled splendidly by Albert Bush, and Edwin Chillingworth makes a model bashful bachelor. Jennie, the housemaid, plays no small part in the sequence of events, and this role is well rendered by Miss Madeleine Smith.

## LAXATIVE FOR OLD PEOPLE—"CASCARETS"

Salts, Calomel and Pills act on Liver  
and Bowels like Pepper acts in  
Nostrils—Danger!

Get a 10-cent box now.  
Most old people must give to the bowels some regular help, else they suffer from constipation. The condition is perfectly natural. It is just as natural as it is for old people to walk slowly. For age is never so active as youth. The muscles are less elastic. And the bowels are muscles. So all old people need Cascarets. One might as well refuse to aid weak eyes with glasses as to neglect this gentle aid to weak bowels. The bowels must be kept active. This is important at all ages, but never so much as at fifty.

Age is not a time for harsh physics. You may occasionally whip the bowels into activity. But a lash can't be used every day. What the bowels of the old need is a gentle and natural tonic. One that can be constantly used without harm. The only such tonic is Cascarets and they cost only 10 cents per box at any drug store. They work while you sleep—advertisement.

## METHODISTS ASKED TO PRAY FOR PEACE

[Associated Press by Fed. Wireless.]  
DES MOINES, Iowa, April 29.—Resolutions were adopted last night by the conference of Methodist Episcopal bishops assembled here, asking all Methodists to pray for a speedy end to the European war.

The city will purchase an electric piano at a cost of \$300 for Kapiolani park bath house. A kangaroo also figured in the resolution last night to the extent of \$15. The animal will be purchased from the Alahau hotel and turned into the Kapiolani zoo. Much merriment was caused by this resolution by Hollinger.

Permission was granted A. L. MacKay to place a sign at the Pali directing travelers to the Coral Gardens at Kaneohe, six miles away.

The water and sewer committee reported unfavorably upon the proposed purchase of the new wrinkle in sewer cleaning machines and recommended that it be not purchased at this time.

The illness of Police Judge J. M. Monsarrat for the past few weeks has led to the expenditure of \$150 appropriation of the second district magistrate fund. Alexander D. Larnach reported in a communication that only \$4 remained and asked for an appropriation of \$150 more. The matter was referred to the ways and means committee.

The Manoa Women's Cooperative League asked for three dozen chairs for the boys' clubs and girls' sewing classes and also four dozen kindergarten chairs. The communication will receive the consideration of the ways and means committee.

## REDFIELD BACKS UP POLICIES OF ADMINISTRATION

[Associated Press by Fed. Wireless.]  
INDIANAPOLIS, Ind., April 29.—Speaking at a Democratic love feast here last night, Secretary Redfield of the department of commerce defended the policies of President Wilson, with special stress on the accomplishment of the administration in passing the tariff act and the currency act, under which the federal reserve banks were created.

"The anti-trust legislation of the late congress, he declared, and the establishment of a federal trade commission had made the path of the future planner for the feet of the honest business man, and so had aided in the restoration of general confidence.

"The country is on its way to prosperity," he concluded, "but that brings no happiness to calamity howlers who would do evil to the administration."

## ORDERS OF THE HAWAIIAN DEPT.

April 27, 1915.

Special Orders, No. 89.  
1. Paragraph 3, Special Orders, No. 88, c.s., these headquarters, is modified so as to direct Sergt. Elbridge H. Bundy, Quartermaster Corps, to proceed to Honolulu, T. H., reporting on arrival to the department quartermaster for temporary duty.

The Quartermaster Corps will furnish the necessary transportation. The journey is necessary for the public service.

2. Pvt. Walter A. Ogden, Battery B, 1st Field Artillery, Schofield Barracks, T. H., is transferred to the Quartermaster Corps at that post.

4. Pvt. John O. Carlson, Company A, 2d Infantry, Fort Shafter, T. H., is transferred to the Hospital Corps. He will report to the commanding officer, Department Hospital, for duty.

## LASSEN ACTIVE AGAIN

[Associated Press by Fed. Wireless.]  
COTTONWOOD, Cal., April 29.—Volcanic ashes fell here yesterday so thick that they could be scooped up by the panful, and although Lassen peak is hidden in storm clouds, it is believed another violent eruption of the new volcano is in progress.

## A Preventive of Infection of the Mucous Membrane

Store and inflamed conditions of the delicate tissues immediately relieved, without pain, stain or odor, and without the danger attendant on the use of poisonous bichloride, carbolic acid, and other so-called antiseptic remedies, by using
